What is a home warranty?

A home warranty is a one-year service contract that covers the cost to repair or replace covered parts of home systems and appliances that break down over time.

What types of homes are covered?

We cover single-family homes,* older homes, condos, townhomes, duplexes, triplexes, and fourplexes, new construction, and mobile homes.**

Do I need a home warranty?

We think so. In fact, 1 in 4 new home buyers use their home warranty within the first 60 days of coverage.

What's not covered?

An HSA home warranty provides valuable coverage; however, not all services and failures are covered. For a complete understanding of your HSA home warranty, read the sample contract portion of this brochure. As examples, the following services:

- ✘ **Do not qualify for coverage:** Normal maintenance or cleaning, drain line stoppages due to roots
- 🚫 **May not qualify for repair:** Improper installation, code violations
- 💰 **May incur additional costs:** Disposal of replaced equipment, modifications required to fit new equipment, code violations, permit fees, coolant evacuation and recovery

Several of the above services are available in our Buyer 7 Star Upgrade. Review its coverage, limitations and exclusions on page four.

How does it work?

With coverage from HSA, you know exactly what to do when things go wrong. It's as simple as this:

Request service online at myhomewarranty.com or by phone at 800.367.1448. Pay your Trade Call Fee.

We assign a local, qualified contractor.

On an approved claim, your covered home system or appliance is repaired or replaced.

REGISTER ONLINE AT MYHOMEWARRANTY.COM.

Accessing your HSA home warranty account is just a few convenient clicks away.

Repair or replacement is subject to contract limitations and exclusions. See plan for details.

*Single-family homes are subject to 10,000 sq. ft. maximum.

**Condos/Townhomes/Mobile homes are subject to 5,000 sq. ft. maximum.

HSA is committed to delivering exceptional service every step of the way. When you're in need of a repair, you'll find our commitment to quality throughout the process.

Buyer Benefits

Showings, walk-throughs and inspections are important steps to buying your next home, but they don't uncover all issues and they can't predict what will happen. Make sure your new home is covered by an HSA home warranty. And, if the seller hasn't included it with the sale, add this valuable protection yourself.

- **Confidence** in the home you're buying because you have a plan for covered breakdowns. There are a lot of decisions that come with homeownership. This is an easy one.
- **Our workmanship guarantee.** If there's an issue with a completed repair within 30 days of service, we'll send a contractor back out for free.
- **Quality service.** HSA is available 24 hours a day, 7 days a week to help you schedule a diagnosis for your covered breakdown.
- **The reliability of a nationwide network** of qualified, independent home service contractors. There's no need to research different vendors for repair or replacement assistance – HSA has done that for you.

Seller Benefits

Placing an HSA home warranty on your home during its listing period can help reduce many out-of-pocket expenses you may experience from unexpected covered breakdowns and repairs.

- **Mitigate unexpected, covered issues** from the home inspection to help keep your sale on track.
- **Maintain your budget** by managing the potentially high costs of covered repairs on your included systems and appliances.
- **Market your listing more effectively** by confirming your home is covered against unexpected, covered breakdowns.
- **Focus on your next home** and upcoming move.

WAIVER: Purchase of this home warranty is not mandatory. HSA home warranty is not the only home warranty available. No other services are contingent upon the purchase of a home warranty. I have reviewed the Home Warranty Protection plan and hereby decline coverage. I agree to hold the real estate broker and real estate professional harmless in the event of a subsequent mechanical failure which otherwise would have been covered under the warranty plan.
